Donation Request Application

Does your non profit organization promote educational opportunities in the realm of horticulture, agriculture or related fields? If so, the Birchwood Garden Club offers financial donations to support your efforts. Donations up to $500 are available annually and awarded the first of the calendar year. Based on the amount of applications received, your donation request, if approved, may be partially funded.

General guidelines to apply:

• Requests must benefit the communities in Whatcom and Skagit counties.
• We favor requests that target gardening and horticultural science and related fields.
• We encourage requests that assist in promoting educational programs related to gardening, horticulture, civic beautification and landscaping.
• We can only accept state approved schools or organizations located in Whatcom and Skagit counties.
• Applications are reviewed throughout the year.

Amount of donation requested: $ __________________

What will the funds be used for? ____________________________________________

Who is your target population? ____________________________________________

Additional comments: ________________________________________________

MISSION: The Birchwood Garden Club promotes and assists home gardeners in gaining knowledge, skills, and enjoyment from gardening. The club presents educational programs related to gardening and provides assistance in the cultivation and pleasure of growing plants in the home landscape. We encourage youth in the study of horticultural science and related fields and promote civic beautification through community gardening and landscaping projects.
