

Apr 3rd: Retire into your Garden with Ease

Garden Mentors founder Robin Haglund, is a pioneering garden coach and award-winning Seattle garden designer with a passion for cultivating beautiful, functional, organically-focused, native-inspired, often edible, sustainable outdoor spaces.

She has a fantastic presentation “Retire into your Garden with Ease”. Normally, she gives this presentation as part of a workshop. After some persuasion, she is willing to provide a condensed version for us.

This topic should inspire us to look at our gardens with new insight.

What changes would make gardening easier?

- Tools

- Techniques

- Layout

- Plant choices

- Tasks and Timing

How should we focus on our gardens?

- Is our approach causing un-needed strain or stress?

- What is our gardening goal?

Since maximizing gardening pleasure is timeless, this topic is really for all ages.
